Summary:

This meeting have many technical issues. Dr. Collins was thankful for the opportunity to just connect in light of the current events (COVID and riots). Those in attendance took time to reflect on the last few months; what can be done better and what wen well? Much discussion regarding the underlying discrimination among students and colloques and the disconnect of awareness by faculty. We are all learning how to address the issues at the moment it appears. The burden of change has to be share by all. We all will make mistakes and need to extend grace and ask for forgiveness.
